They returned the fire only when some were wounded. It is expected Crazy Snake will come into the camp of the militia by tonight.

It is understood Champ Clark agrees, preferring the time be put in on debate on specific schedules.

NONSENSE, SAYS EX-PRESIDENT ROOSEVELT

Horta, Azores, March 30.—Ex-President Roosevelt indignantly denied, while the steamer Hamburg stopped here on route to Naples, that an attack had been made on his life by an Italian by the name of Tosti, a storage passenger. He said it was nonsense to send out such a story. He never even saw the man and heard no word uttered. He knew nothing about the matter till the man was in irons.

Deland, Ind., March 30.—The Hamburg arrived this morning at eight o'clock. Ex-President Roosevelt steamed ashore and was greeted by the crowd. McCreery, the American consul, took Col. Roosevelt and Kermit out to the ship. Col. Roosevelt spoke before returning aboard.

BOYLE HELD IN \$25,000.

Thought That Mrs. Boyle Will Not Be Prosecuted.

Sharon, Pa., March 30.—It required but a few minutes yesterday afternoon for the preliminary hearing of James H. Boyle, charged with the abduction of Willie Whittle. Twenty questions and answers made up the proceedings.

"What is your name?" asked Justice S. S. Gilbert.

"James H. Boyle," was the reply.

"Do you want a hearing on the charge of abduction now?" was asked.

"Not at this time," he replied, and the hearing was over.

Dail was fixed at \$25,000, which it is said Boyle has no chance of securing and the prisoner was returned to the jail at Mercer on the first train.

Last night it was stated that Mrs. Boyle will not be brought here for a hearing at all. The statement that she was Helen McDermott is doubted here from the fact that not one of the McDermott family has extended her any aid so far as the public knows, or put in an appearance since her arrest.

The Whittle family left today in search of quiet and rest after their harrowing experiences.

The opinion is spreading that Mrs. Boyle will not be prosecuted, but will very soon be quietly eliminated from the case and allowed to depart. There is said to be no local proof, whatever it is, that she is the kidnaper, and as she absolutely refuses to aid the local officials in the slightest, the supposition is that she will soon be free. This is borne out by the delay in arraignment.

It is said the prosecution is not eagerly desired by Mr. Whittle.

Nineteen Men Believed to Be Band Arrested in West Virginia.

Fairmont, W. Va., March 30.—County and government officers have arrested 19 Italians, who are believed to be members of a Black Hand society which has terrified the foreign miners in the Fairmont coal fields for a long time.

In the house in which the men were arrested were found pictures of Lieut. Petrosino, who was murdered in Italy recently, supposedly by members of the Black Hand, and articles referring to the assassination. Around the pictures and clippings were various comments written with a red pencil, such as "good," "fine," "chinks," etc.

Charles Graftono, a fruit merchant of this city, received a letter purporting to come from a Black Hand, demanding a sum of money. FEARS RETALIATION.

John Barrett Tells Taft Coffee Schedule Is Dangerous.

Washington, March 30.—John Barrett, head of the bureau of American republics, yesterday presented to Mr. Taft his views as to the effect of the proposed new tariff bill on the export trade of the United States with Latin America. His interview had especial reference to the proposed countervailing duty on coffee. He said he believed that the imposition of this tariff and a further tariff on the raw products of South America which are not produced in this country will set at naught all the recent efforts to build up an increased trade with the southern republics.

Brazil, he declared, with an annual foreign commerce valued at \$500,000,000, feels that the new tariff bill strikes a vital blow at her prosperity and practically dictates to her, Mr. Barrett says, how she ought to raise her own revenue.

If Brazil should be forced to remove its export tax upon coffee, Mr. Barrett believes that the republic would retaliate by imposing such a heavy import tax against the United States as to wipe this country out of their market.

Boston, March 30.—Jim Jeffries still shows no concern about what Johnson says or does. When told last night about Johnson again issuing a challenge in New York and posting a forfeit, the big ex-boxer said: "Let him keep on challenging and posting money. When I get ready I'll talk business."

"I cannot hurry me. I do not believe he intends to come here to see me. If he does, and I happen to meet him, I think the championship will be decided very quickly, and I do not believe I would be the loser."

Mayor Bigelow presided at the meeting, which was opened at three o'clock. Mr. C. Grandy acted as secretary. The resolution was introduced by W. J. Van Patten, who spoke in favor of its adoption. Mayor-elect James E. Burke opposed the adoption of the resolution on the ground that the city has to meet unusual financial obligations this year by reason of the thirtieth anniversary celebration, the construction of an underpass at Lakeside and from the fact that liquor license fees will hereafter go into the state treasury. He moved that the resolution be laid on the table.

TO DEVELOP ITS POWER.

Industrial Awakening at Vergennes—5,000 Horsepower Available.

Vergennes, March 30.—Negotiations are in progress with manufacturing industries employing from 100 to 150 hands, with a view to securing the location in this city. Heretofore the lack of power which could be procured without reasonable consideration has been a great drawback but now the owners of the largest power at the falls are making arrangements to fully develop it in connection with that owned by the city which is also very valuable.

It is expected that very soon work will be started and by fall, at least, 600 horsepower will be electrically developed and for sale at a low cost. Y., in answer to a message he had sent to her on the twenty-fifth anniversary of their marriage.

It proved to be an announcement of the death of his aged mother at New York, R. I. It is customary to withhold telegrams from actors until after the performance because of the fact that death messages often affect them so that they are unable to proceed with the play, but in this case the stage manager was so certain that it was a loving greeting from Mr. Sully's wife that he sent the message in at once. The actor was deeply grieved and continued the performance with difficulty.

State's Attorney J. C. Jones, Attorney General John G. Sargent and Robert A. Lawrence spent yesterday morning and part of the afternoon yesterday in conference with about 30 of the state's witnesses, most of whom are from East Wallingford. Many of the witnesses complained of being kept away from their farms at sugar making time.

SPAULDING'S
SCHEDULE

Good List of Games Secured for Season

ALL OLD PLAYERS BACK

A Better Team Than Ever Before—The First Game Will Be With the Italian Athletic Club on April 17.

Manager J. Edward Scott of the Spaulding high school baseball team has completed the schedule of the games for the season and announces that the first appearance of the team this season will be when the Spaulding team crosses bats with the Italian athletic club team.

The base ball prospects for Spaulding are as bright as they have been for several seasons and the chances are that the team will compare favorably with the other high school and academy teams throughout the state.

All of the last season's players with the exception of Knox, will play and the training that they received last year will assist them materially in finishing well toward the top of the list. The box artists are Fisher, Littlejohn and Cutler. Soldini and Johnson formerly of Goddard seminary, will probably alternate behind the bat and the infield will be made up of Grigg, Maiden, Cummings and W. Johnson of last season's team.

The outfielders also played last year. They are Griffin, Huse and Carswell. Although no games are scheduled with Goddard seminary team three strong teams, Lyndon Institute, St. Johnsbury academy and St. Albans high school have been added to the schedule.

The Spaulding team won nine and lost nine games in 1908 and expects to make a much better record for the coming season.

This expectation should be realized as most of the men who played last year and will continue to play this year, were new to the game when the '08 season started.

The schedule follows:

Tues. April 20—Northfield at Northfield.
